

**Let our experts check your fleet's safety to maximise its availability.**

Protect your investment with the best service provider available for Howard Wright® products undertaken by Avensys UK Ltd. (Avensys).

#### **DETAILS**

Annual Inspection covers Howard Wright® product only and is undertaken by Avensys. Annual Inspection is conducted in accordance with the Technical Service Manual for the specific product.

This ensures the product is maintained to the manufacturer's standards and meets warranty requirements.

Annual Inspections include:

- An electrical safety check to EN 62353
- Avensys travel costs for one hour.
- Any repair covered by the product's warranty.

#### **CUSTOMER REQUIREMENTS**

The customer must provide the product clean and ready to inspect at a suitable on-site location and return the product to its location of use upon completion of the work.

#### **ENQUIRIES C/O AVENSYS**
